## **BUYER AGREES TO THE FOLLOWING:**

1. The puppy must be examined within 72 hours of acquisition by a licensed veterinarian to validate this guarantee. A verified letter from the veterinarian is required if the puppy is returned for any reason. Worms, fleas, mites, coccidia, giardiasis, or any other parasite that are common in dogs and puppies are not included in this guarantee as a reason to return a puppy.

If the puppy is found to be at risk due to a congenital defect (existing at birth), the owner must notify the breeder, provide a verified letter from the vet, and return the puppy (and its papers) to the breeder within 3 days of the examination. Puppy must be returned in its original mental and physical condition. (If these conditions are met, the breeder will replace the puppy or refund money. See Breeders Agreement below).

If the puppy should develop any hereditary conditions before the puppy's first birthday (including but not limited to severe hip / elbow dysplasia, grade 3 or above heart murmur, or hereditary eye conditions), buyer agrees to have the puppy x rayed by a vet for confirmation of the diagnosis. Diagnosis must be confirmed by an official OFA preliminary consultation. Breeder will then replace the puppy, or the buyer may keep the puppy and the breeder will refund up to half the purchase price. In the case of replacing the puppy, the original puppy must be returned to Platinum Pearl Goldens in good mental and physical condition.

- Breeder reserves the right to perform a DNA test to confirm the dog as one of Platinum Pearl Goldens.

2. The puppy may never be sold to a pet store, puppy mill, or similar business. The health guarantee is not valid if the puppy is resold from its original owner.

3. Buyer may only register their puppy with the American Kennel Club. The puppy may not be registered under any other pet registry.

4. Buyer must give the puppy appropriate veterinarian care, including annual vet exams and required vaccinations as recommended by your vet. Failure to complete vaccines and exams as well as documenting such care will void all guarantees.

6. Buyer must take appropriate care of the puppy, including but not limited to grooming, training, and caring for your dog.

7. We require that the buyer spay / neuter the puppy. Follow your vet's professional recommendation as to what age to have your puppy spayed / neutered. For all puppies purchased with AKC limited registration, the puppy is sold only as a pet. Absolutely no breeding is allowed. If a dog has been bred or has been used to produce mixed breed (designer breed) dogs, the dog will be confiscated by the seller at the buyer's expense plus legal fees, along with a \$10,000 penalty.

4. If the puppy is found to be at risk from congenital defect and the conditions stated above in the buyers agreement #1, then the breeder agrees to replace the puppy or refund money to the buyer.
